About Me

I am a passionate AI Prompt Engineer, Shopify Expert, and Creative Designer with hands-on experience working with national and international clients. I specialize in logo designing, Shopify store management (A to Z), social media content creation, and digital marketing. My focus is on using modern AI tools to automate tasks, create engaging content, and streamline design/marketing workflows. I aim to deliver creative, impactful, and growth-driven solutions tailored to each brand's unique identity.
