Experience

Social Media Strategist & Shopify Specialist

Implofy – Social Media Agency

2024 - 2025

Managed complete Shopify store setups including design, product listings, automation, and optimization. Designed high-quality graphics and marketing creatives using Canva. Wrote engaging content for ads, social posts, and product descriptions. Utilized AI tools such as ChatGPT to improve workflow, content quality, and customer support. Supported clients with social media growth strategies and store performance enhancements.

Designer, Marketing & Operations Specialist

Badar ul Harmain Group of Travels

2025 - Present

Managing complete social media presence, including posts, banners, and reel thumbnails using Canva. Developing marketing strategies to improve brand reach and engagement. Collaborating on campaign ideas, Umrah packages, and digital promotions. Maintaining daily payment records, tracking transactions, and preparing monthly financial summaries. Handling visa processing tasks, including document preparation and printing. Managing ticket bookings for bus, train, and airline travel (individual & group reservations). Creating invoices, letterheads, and handling all types of documentation and typing tasks.

Freelancer – Shopify, Design, Marketing & AI Videos

Self-Employed

2023 - Present

Work remotely with national and international clients. Design logos, branding, and promotional content for businesses. Create, redesign, and manage Shopify stores professionally. Provide digital marketing services including ads setup and page optimization. Manage social media marketing and content creation workflows. Create AI-generated short and long videos for different platforms and industries. Produce cinematic and 3D AI videos using advanced AI tools and workflows. Use AI prompt engineering to automate tasks and improve creative production speed.
